To Whom It May Concern:

This certifies that printed circuit boards (PCBs) and printed circuit board assemblies (PCBAs) manufactured by TTM at all manufacturing locations, are not manufactured with perfluorooctyl sulfonates (PFOS). TTM has queried its chemical suppliers, who have affirmed the non-use of PFOS in their products sold to TTM.

Should you have any questions on this certification, please call the undersigned at 860/684-8000 x 4702, or email lee.wilmot@ttmtech.com.

Sincerely,

Lee R Wilmot
Director
Environmental, Health & Safety
